Quotes : Julie Marson Chair of Broadstairs Town Team said :

'We love Broadstairs and many people in town give up their time to make our town even better - that's something to celebrate. As well as exciting Town Team projects like the Town Shed, Brush up Broadstairs, Revive our Rec., the regular beach cleans and community garden groups there are so many other great projects and groups that just do so much. This is a celebration of great community spirit and all that Broadstairs has to offer. The Bandstand is great, and we have wonderful local musicians lined up and some local businesses are participating by offering picnics for sale on both nights.'

Brigitte Rennie of The Mosaic Cat added "Working with Town Team is a delight, as I am passionate about our town too and keen to give something back by volunteering my time alongside Town Team members & present a really exciting programme for these two nights. We plan to do more Summer Sounds events at the bandstand next year – and anyone who'd like to get involved in a Summer Sounds Bandstand Project with Mosaic Cat and the Town Team, please do get in touch. It's all about working together for the good of Broadstairs and also to have a lot of fun!"
